

Shanthi, Tahsildar

I was a studious student right from school / College Days. I had attended coaching in other institutions. But only at BIM, I found the ideal coaching. Their professional guidance brought the best out of me. It made me to excel and achieve the distinction of securing State First Rank in Deputy Tahsildar Exam.

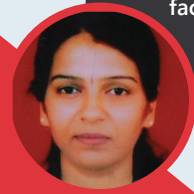

Arun Kumar, UDC

Before stepping into BIM I was literally not aware of the mode of preparation for competitive examination. As I was a Commerce graduate the challenge was greater for I had to prepare in subjects that were not part of my curriculum. At BIM all the subjects were taught right from scratch in a professional manner. With the support and individual attention of the faculty members, I secured state 3rd rank in LDC examination 2012. My quest to reach higher echelons, brought me again to BIM. I am proud to say I am still a student of BIM with dream and aspiration. Best Wishes.

UDC Supriya,

I passed UDC exam in 2012 I will never forget BIM not only for the Coaching I had at BIM but also for the guidance and cooperation I received from the faculty members in steering me clear of the hurdles I faced in the course of my professional journey. BIM stays alive in my heart forever.

BIM is one of its kind institutes in Puducherry offers quality training for all the competitive exams. The teachers are so professional and the coaching helps not only for competitive exams but also to establish our carriers in this competitive world. I passed my LDC exam in 2012 and the experience I had at BIM greatly helped me to scale up in my career ladder and to be what I am now.

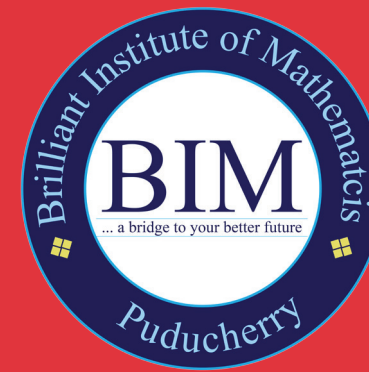

Store keeper, Grade II Praveen,

If not for BIM I could not have passed the Store Keeper Exam conducted by the Government of Puducherry in 2012. I really enjoyed the way they teach at BIM. All the teachers were very friendly, easily approachable for clarifications and guidance. Thank you BIM.

Sarathy, Jr. Clerk, Judiciary

It is at BIM, I realized my potential and the reason for my success is dedicated to BIM. Without the inspiration, drive & support that BIM have given me I might not be the person I am right now. Just want to express my heartfelt gratitude & say THANK YOU...CHEERS to BIM .THANKS TO BIM

Genesis

In 1989, a group of altruistic, young, innovative individuals created BIM - the destiny child - to provide the desperate student community of Pondicherry, with the much needed training and guidance for job oriented competitive examinations. By virtue of its unstinted commitment to quality and excellence. BIM has perfected the art of coaching, so much so, that success has now become synonymous with BIM.

Dear Aspirant,

We are happy to welcome you to the family of BIM. You have taken the right step in the right direction. "Well begun is half done." – Aristotle. Yes, you have begun well by choosing BIM as your coaching partner to prepare yourself to ace competitive exams like 1000s before you.

The faculties at BIM are well experienced. They are not only core professionals in their respective spheres but also real masters and proven experts in the art of molding candidates for various competitive examinations.

At BIM we facilitate the students, irrespective of one's subject orientation, to comprehend and understand the varied aspects of the subject matter at ease. All the subjects prescribed for the competitive exams are exhaustively covered in a systematic manner to provide the students with optimum subject knowledge.

Yes, your journey with BIM will be memorable. At BIM we immensely motivate you and help you discover your hidden talents. We at BIM are experts in igniting your competitive spirit toward achieving your dream goal. We bear the torch for you to tread your success path.

Directors

I cleared both LDC Exam and VAO exam back to back in 2001 securing state level top ranks. And in the next year 2002 I passed my Dy.Tahsildar Exam. It was all possible because of BIM. I can say it authentically that BIM is certainly NO.1 in all aspects of coaching. For students seriously preparing for competitive examinations BIM is the right destination to ensure sure success.

In 2001 I joined BIM to avail coaching for Deputy Tahsildar exam. As I had already been serving as an LDC I didn't have any compelling urge to clear the exam. What happened at BIM was a soul searching experience. The competitive spirit in me was ignited, so much so, that it became my conviction to clear the exam with top rank. Yes, I did clear the exam with top scores. Bim changed my destiny towards a different destination. I still remember those wonderful days I spent at BIM. BIM has played a very vital role in my career. If not for BIM and its dedicated Trainers, Resource persons, I would not be what I am now. Also I convey my special thanks to the Maths faculty.

TESTIMONIALS

Adalarasan Inspector of Police

My search for preparation for Competitive exams, after my seventeen years of discontinuation of education which includes my fifteen years of service for our Nation in Naval Wing, ends in BIM institute. All the instructors were well qualified, took keen interest in coaching each and every student. Because of their coaching, I got posting in the year 2003 and at present holding the post of Inspector of Police. Thanks to BIM Institution and all the members in the Team and my warm wishes.

Indira Mohan Senior Co-op Inspector

I'm very much grateful to our esteemed institution BIM for achieving Junior Inspector of Cooperatives post on 2006 conducted by Govt of Puducherry Thanks to BIM

Devi Rajalakshmi Commercial Tax Officer

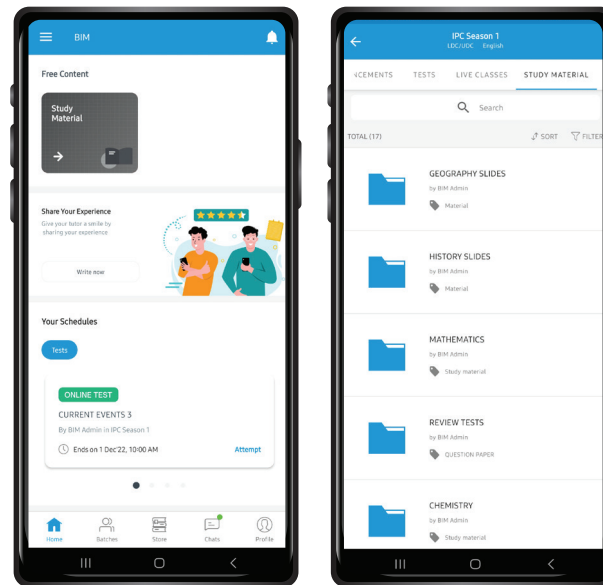

My quest to face competitive exams begins at BIM. I cleared my LDC exam in 2001 and the Assistant Commercial Tax officer Exam in 2002. It was because of Bim I could pass two different type of competitive exams back to back in a row. Hats off to the faculties at BIM. They are not only subject specialists but also great motivators. I realized my latent talents only after I entered into the world of BIM.

Murugan, SI

When I joined BIM in 2011 to avail coaching for the Sub Inspector Exam I didn't have any big expectations. As the course progressed my confidence level too shoot up I began to believe that I could win. The teaching style, methodology, depth of knowledge, and the motivational inputs I received from the faculty members of BIM are exemplary. In short it is BIM that imbibed in me the motivational spirit and the knowledge base to become a Sub Inspector. From the bottom of my heart I thank BIM
